YRS talked through all that I needed done and got some good professional advice from him as well. A few emails were exchanged as the process got going to answer some additional questions. The work on the resume was excellent. I did need a few small changes on the resume and the LinkedIn profile and all requests were accommodated. I could not have been more pleased with the results and the professional job that was done. I will use this service again in the future and will recommend it to others as well.

Jay W., General Manager

YRS, was very professional and very accommodating to my needs. I was very impressed with the final draft of my resume. I feel that I could submit my resume to companies and be considered as a strong candidate for the job. If you are looking to update your resume or possibly create a new one. Come see YRS"

Adam P., Retail Manager

YRS was very professional and did a great job. I was interested in updating my resume in preparation for relocating to the Seattle area. Although YRS did not have specific experience with legal resumes, YRS took on my project and engaged with me on exactly what I wanted/needed. YRS was very specific about expectations and timelines and kept me informed throughout the process. YRS took my input well and the result was a very nice, polished, professional product that combined both my specific expertise and his resume finesse. I was very pleased. YRS even followed up with me afterwards to alert me to a job listing she thought I would be interested in.

Vanessa A., Lawyer

I had a cover letter and resume done to help because mine was not performing at all, not one bite on any job. YRS was very professional. Have you ever heard the saying throwing meat to the lions, well the day I got my resume back from YRS I put it out in the world, 2 days later the job I wanted said start Monday, wow! Highly recommend YRS.
